

Stabiliteitswanden
aan beide zijden
uitzetten.

The diagram shows a technical drawing of a foundation layout. It features a large rectangular area on the left and a smaller one on the right, both enclosed by a double-line border with diagonal hatching. A horizontal strip foundation, represented by a double line with a central gap, extends from the right side of the large area towards the right. Red circles at the corners and ends of the strip foundation indicate connection points. An arrow points from the text 'Stabiliteitswanden aan beide zijden uitzetten.' to the strip foundation. Another arrow points from the text 'Binnenkant binnenblad uitzetten.' to the inner edge of the bottom-right corner of the large area.

Binnenkant
binnenblad
uitzetten.

An arrow pointing from the text 'Binnenkant binnenblad uitzetten.' to the inner edge of the bottom-right corner of the large area.
